

LAB SCHEDULE - WIA2004 SEM 2 2021/2022

Dear students,

There will be 9 lab sessions (LAB 1 – LAB 9). The lab session will start on Week 3 (31/03/2022 or 01/04/2022) according to your group lab session. For this lab session, your lecturer will give briefing on how the lab session will be conducted. Your presentation will start on Week 4 for your lab assignment. You'll be given a lab topic to be done in group before your lab session starts, and during the lab session, you are going to present the output in to your lecturer. Marks will be given for your presentation. Report must be submitted online through Spectrum according to your tutorial group link - (1 group 1 submission). Please make sure you submit to the right group section in the Spectrum. Your report must contain the explanation of your solution including coding and screenshot of your output. Report must be submitted on the same day of your lab session.
